Process Portfolio

Checklist and Self-assessment

Scoring:

This assignment is graded as **Pass** or **Fail**. To **pass** you must have completed at least two activities per week and have answered all reflection questions below by the submission deadline. Please check (or replace with an 'x') each checkbox below corresponding to an activity you have completed.

Checklist:
A minimum of 2 activities per week are required. Please provide a checkmark for all completed activities.

Week	Activity	Completed
8	Activity 0801: MVI vs MVC + MVP + MVVM	x
	Activity 0802: App resources	x
	Activity 0803: Code Wars	❏
9	Activity 0901: Notifications comparison	x
	Activity 0902: Debugging strategies	X
	Activity 0903: Debugging four-step process	❏
10	Activity 1001: Programming by coincidence	X
	Activity 1002: Asserts	X
	Activity 1003: Testing vs debugging	❏
11	Activity 1101: RESTful API tools	X
	Activity 1102: IDE features	X

	Activity 1103: Code Wars	❏

Self-assessment:

1. What skills, concepts or tasks did you find easy, in the last few weeks?

MVC, Understanding the perception of time

2. What skills, concepts or tasks have challenged you, in the last few weeks?

MVP, MVVM, MVI, Debugging

3. Talk about the work you've done for the course so far and answer some or all of the following questions: Have you completed the weekly readings? Have you watched all the course videos? Have you completed the requirements for all assignments due up to this point?

Yes, I did especially because of my assignment, and I completed my assignments to the best of my ability.

4. How well do you think you have done in this course?

Generally ok. It was a learning experience.

5. Do you have any other thoughts or reflections about the course that you'd like to share?

I am grateful for my lecturer help with teaching the most basic thing without me feeling self-conscious.
